

2019 Earth Day at Discovery Green® in partnership with Citizens Environmental Coalition

We invite you to sponsor Earth Day at Discovery Green scheduled for April 14, 2019.

As befits its name, *Discovery Green* is an environmental showcase in the heart of downtown Houston. From the earliest stages of planning, Discovery Green Conservancy committed to building a park that could meet the highest environmental standards while providing beauty and usability to the public. The park is LEED Certified at the Gold Level and utilizes renewable energy to power its buildings and other facilities.

As a part of the park's tenth anniversary celebration, Discovery Green revived Earth Day in 2018 at the park. In partnership with the Citizens Environmental Coalition, an advocacy group representing more than 125 environmental organizations, Discovery Green will again produce Houston's largest Earth Day Celebration on April 14, 2019. This exciting event will inspire, engage and activate Houstonians to greater environmental awareness and commitment to personal acts of sustainability. The event will feature a farmer's market, kid's green activities, educational booths and demonstrations, recycling opportunities, live music, an eco fashion show and short talks featuring dynamic environmental leaders. More than 10,000 participants are expected.

The deadline for inclusion in all marketing and publicity materials is March 1, 2019. For more information, please contact Ren Mitchell at lauren@discoverygreen.com
